HOLISTIC CONSULTING – CONSOLIDATION PROJECTS

Consolidation, On Track and On Point

Integrating financial data and systems often presents significant challenges. Adapting to new software solutions and evolving consolidation processes requires both expertise and experience. Our consultants support you with customized solutions designed to make your consolidation work efficient, compliant, and accurate:

- **Ongoing support** with regular consolidation and group financial closings.
- **Taking over operational tasks** to ease internal workloads.
- **Ensuring a smooth, accurate, and timely close** – even under pressure.

Consistent Results that Build Confidence

A unified and precise group close is critical for transparent financial communication. We optimize and standardize your consolidation processes to ensure consistency, reliability, and traceability of your financial data:

- **Resource support** for Group Accounting.
- **On-time closings** through targeted relief for your internal teams.
- **Flexible external resources** to strengthen your internal capabilities and outcomes.

Your Goal, Always in Focus

Successful consolidation depends on structured planning and the right technology. With our end-to-end project management and consulting, we guide you every step of the way - from initial data collection all the way to the finalized group report:

- **End-to-end project management** for seamless consolidation.
- **Expert guidance for implementing** new consolidation software.
- **Clear, structured workflows** that deliver consistent, transparent results.

Rely on our expertise and experience to make your consolidation process efficient, accurate, and future-proof!
